

2021 Community of Practice Workshop
3:30 PM Friday, August 13 to 1:00 PM Sunday, August 15, 2021
Ralph A. MacMullan Conference Center, Higgins Lake, Roscommon MI
Workshop Fee: \$165

Please join us for a two-day experience designed to give you information and tools that you can use in your classroom to meet the needs of students with disabilities. We have assembled a group of people who have experience and expertise in special education who will lead us in activities to improve our teaching practices. We will specifically focus on autism spectrum disorder, severe multiple and emotional impairment.

We will utilize Universal Design for Learning (UDL), and Multiple Intelligences to understand how to better help students embrace the arts, tap into their creativity, and succeed in the classroom. We will also highlight the importance of the collaboration between classroom teacher and teaching artist.

Throughout the workshop we will pay attention to your learning needs, your thoughts and questions, and your own experience and ideas in these realms. Come prepared to share your ideas, your challenges, and your questions. We expect this to be an interactive, useful, and enjoyable experience, and an opportunity for you to network with other teachers and artists facing similar challenges.

We look forward to welcoming you to the beautiful MacMullan Conference Center at Higgins Lake where you will be surrounded by beauty, well fed, and treated to a wonderful learning experience.

Please complete the attached registration form and email it to Michael Gielniak at michael@miartsaccess.org. For further information call him at (586) 216-1996.

Hope to see you there!!
